

## SCHOOLS PLEAD FOR ATHLETIC FEATURES

Ogden Track and Field Men  
Fight Handicaps In Order to  
Enter Contests

The S. O. S. call has been sounded. Athletes of the Weber normal college and the Ogden high school are up in arms. With the "dope" sheets open to inspection they have a just right to be "peevish." For a number of years Ogden conditions for the promotion of athletics have been of the worst source.

In fact the fans, athletes and sport followers of other parts of the state have often remarked, "Conditions in Ogden are in no way comparable with the conditions of other parts of the state. Therefore the athletes developed at the schools for that reason should be complimented more on their success."

What Ogden needs are athletic grounds. Running tracks for the schools should be provided. A base ball diamond or in fact a number of diamonds for the national game should be placed in condition while a new football field, close in, should be provided for games.

The dope sheet shows that Ogden has been successful in athletics. A number of championship teams have been developed despite the handicaps with which the players have had to contend and with the conditions righted it is a certainty that scores of first class athletes could be developed here.

School is Victor.  
Two years ago the Ogden high school entered a track and field team in the state high school contest at Salt Lake after winning the northern division title. Critics picked every team entered in the title contests with the exception of the Tigers to win the honors.

The members of that championship team were without means of training. A track was missing. The distance men were forced to run around the "streets" while the sprint stars were compelled to train as best they could.

Long distance races are staged in various parts of the state and west at various times. Ogden athletes, stars in this line are forced to read of the results, simply because training facilities are lacking here. As a matter of fact Ogden could develop Remmies, Klamonds, Larsons and other nationally known athletes if these conditions would be righted.

During the gridiron season the players of the Tiger club and the Weber normal college were forced to practice many blocks from school.

Baseball, nicknamed the king of sports, has always been a minor sport in Ogden. In fact some years have failed to see teams in harness representing the schools due to the conditions.

Diamond stars have been developed in Ogden despite the handicaps. This season, however, the athletes are up in arms—they are after improvement and they should have them. In other parts of the state the players of the various athletic garments have every facility possible and the Ogden stars are after the same.

Many Records Made.  
In many cases stars have departed from the local schools, where hardship is a feature of the training seasons, and have made great records. For instance during the past season Harold Kay at the University of Utah was regarded as one of the greatest stars on the gridiron while at the Argie Lee at Logan, Louis Falck and Glen Dee were bringing added laurels to Ogden.

The state record in the 440-yard dash in the interscholastic class was made by Fuller of Ogden in 1915, and still stands. The mark is 54 seconds. Fuller trained under adverse conditions.

Fans have been heard to remark, "What would Fuller have done in the quarter mile run had he had a first class track to train on?" Ogden's reputation in the athletic world is at stake. The sports here have shown a wonderful comeback during the past eight months and the athletes of the schools of Ogden are now on their knees seeking the aid of those interested in sports—in the hope that conditions will be righted.

If you are a booster, boost, aid the students, place Ogden on the map in the athletic world, and your name will forever live in memory. Quick action is asked by the athletes—and may they receive the hearty support of the city officials—the business men, fans and all.

## Young Men Hold Up a Union and Take Funds

SALT LAKE, Jan. 16.—William Connolly, 23 years of age, and P. P. Maly, 26 years of age, are under arrest as the result of a hold-up of twenty-five members of the Cooks and Waiters' union, Local No. 815, in the union club rooms at 127 East First South street, at 9:15 o'clock last night. The bandits secured approximately \$600 of the club funds.

1921 FORCE 143,157.  
WASHINGTON, Jan. 16.—An enlisted naval force of 143,157 for the 1921 year was recommended today by Rear Admiral Washington, chief of navigation, who told the house naval committee that 60,000 recruits or re-enlistments would be necessary to reach that strength. Shortage exists in all enlisted grades, he said, and an additional 19,294 might be lost by July through expiration of enlistments.

## GEN. PERSHING FLAYS ANARCHY IN SPEECH

Government Should Stamp out  
Bolshevism by Peaceful  
Means—Force if Needed

SALT LAKE, Jan. 17.—Anarchy and Bolshevism were flayed by General John J. Pershing in an address at the Mormon tabernacle here last night. "The government should try to stamp out this menace by peaceful means," he said, "but if then we do not succeed force should be resorted to and the converts deported."

Woman's part in the world war was praised by the general. "They were always ready to serve," he declared, "and they played a prominent part in the final outcome."

Urges Soldiers to Join Legion.  
General Pershing characterized the American Legion as a "true American organization," and said he hoped every man eligible to membership would join the ranks immediately.

Since his arrival here at noon Gen. Pershing has been busy attending the round of activities planned under the auspices of the local American Legion post.

Salt Lake Children Delighted.  
Early this afternoon the general addressed Salt Lake City school children at the tabernacle. The children were well pleased with the address he made and expressed great joy when the leader of America's overseas army picked up one little girl and kissed her. Fort Douglas was also inspected by General Pershing and his staff.

Tonight after his tabernacle address General Pershing was a guest at a reception at the Elks' club. He was to board his train for Vancouver tomorrow, Washington, at midnight.

## Japanese Murdered In Sonora, Mexico

NOGALES, Ariz., Jan. 16.—Reports of the recent murder of two Japanese employed at San Javier, Sonora, were confirmed today by American mining men who arrived at the border. One of the men killed was a servant in the home of W. C. Laughlin, president of the W. C. Laughlin Mining company. It was said the Japanese were shot from ambush while they were out quail hunting.

## Striking Employees Return to Work

SIOUX FALLS, S. D., Jan. 16.—Approximately 700 striking employees of the Morrill Packing company, who have been out for eight days, returned to work under an agreement to definite settlement of their wage differences at a meeting with the employers Saturday.

The dispute arose over the interpretation and application of Judge Alschuler's recent decision in Chicago.

## Irish Protest First Against the League

PARIS, Jan. 16.—The council of the league of nations received the first formal protest to be presented to it since its formation into being with today's initial sessions. The protest was from "the envoys of the elected government of the Irish republic," against "the unreal English simulacrum" of an international league of peace.

## Omaha Stores Violate the Food Control Act

LINCOLN, Neb., Jan. 16.—A complaint charging violation of the Lever food control act naming the two owners of a Council Bluffs, Iowa, department store and a third party as defendants, has been filed before a United States commissioner at Omaha. United States District Attorney T. S. Allen announced here today.

The action, he said, charges that the department bought a quantity of sugar for \$11.65 per hundred pounds and sold it for \$19.75 a hundred. Mr. Allen also announced that while this was the first federal action of its kind to be started in this state, his office had been investigating sugar prices and had recommended to the department of justice that the licenses of about a dozen Nebraska dealers be denied.

## COUGHED DAY AND NIGHT.

John Vague, Elberton, Ga., writes: "Last fall, when my neighbors were down with influenza, I took a severe cold and before I was aware of my condition I was down sick in bed. I coughed night and day and my throat was raw and sore. I got a bottle of Foley's Honey and Tar Compound and took eight small doses in two hours. My condition began to improve and in a few days I was as well as ever. In my opinion Foley's is the best cough medicine made." A. R. McIntyre Drug Co.—Advertisement.

MARINE MINES FLOATING STOCKHOLDERS, Jan. 16.—Many marine mines which were carried away by the heavy storms which have prevailed over the North sea for several days are floating through Scandinavian straits, according to report.

MARKETING CONFERENCE CALL DENVER, Jan. 17.—Colorado, Utah, Idaho and Wyoming will join next Thursday in a marketing conference to be held under the auspices of the agricultural and livestock bureau of the Denver civic and commercial association.

RECORD PRICES FOR TOBACCO. LEXINGTON, Ky., Jan. 17.—A new world's record for the sale of loose leaf tobacco is believed to have been made on the Lexington market today when 3960 pounds of burley sold for an average of \$116.57 a hundred pounds. One basket sold for \$124 a pound. None of the others sold for less than \$1 a pound.
